About the project

FOCUSING ON THE INCREASE OF THE WOMEN EMPLOYMENT The project emphasizes the importance of women's inclusion in the workforce, one of the most important actors in shaping the future. Serious researches are needed in order to improve the current situation in terms of women's participation in economic life, overcoming social ruptures and women's participation in the workforce. In this context, the project is at a level to meet this need and touches to life. Within the scope of the project policies related to raising awareness will be developed for women taking part in the civil society process and non-governmental organizations working for women.
